

CLEANING PRODUCTS ENGINEERED FOR STRENGTH, SAFETY AND VERSATILITY

FOOD PROCESSING

INDUSTRIAL CLEANING SOLUTIONS

FOOD PROCESSING PLANTS

CRYSTAL SIMPLE GREEN® INDUSTRIAL CLEANER & DEGREASER

Easily eliminates thick grease, animal fats, oils, carbons, starches, sugars, proteins, and other organic soils from equipment and machinery without harsh or volatile chemicals. Cost-effective concentrate can be used in mechanical cleaning equipment such as floor scrubbers, pressure washers, steam extractors, foamers, parts washers and carpet cleaners.

- Non-toxic, biodegradable formula is VOC compliant, butyl-free and phosphate-free
- NSF registered A1, A2, A4, A8, B1 and C1
- Clean rinsing formula meets rinsability standards for facilities following Good Manufacturing Practices (GMPs)

Processing

Eliminates thick grease, animal fats, oils, carbons, starches, sugars and proteins without heavy scrubbing. Cuts through built-up gunk that can slow down conveyers, rollers, chutes and flumes.

Parts Washing

Use in aqueous-based parts washer to cut through intense grease and grime. Removes tough soils from containers made of glass, plastic, metal and more.

Storage

Ideal for floor scrubbing and general maintenance of walls, counters and more. Use with foaming equipment to deep clean food storage facilities.

Shipping & Receiving

Use with pressure washing equipment to clean loading docks, processing and storage facilities. Use manually or with cleaning equipment including floor scrubbers, pressure washers, foamers, parts washers and more.

SIMPLE GREEN® FOAMING COIL CLEANER

Professional-strength, self-rinsing coil cleaner helps keep equipment at optimum performance levels, with quick and simple application. Use on evaporator and condenser coils as well as fan blades, blowers, grills, heat exchangers, cooling towers, vents, electronic filters, registers, drain pans and piping.

- Eliminates residue that can impede heat transfer for steam and boiling equipment
- Helps to maintain (HVAC) systems as well as refrigeration, freezer, steam and boiling equipment
- Contains no added colors or harsh perfumes
- NSF registered C1 and P1

SIMPLE GREEN® STAINLESS STEEL ONE-STEP CLEANER AND POLISH

Restores luster and shine to stainless steel, chrome, nickel, brass, copper and more without the toxic and flammable petroleum distillates commonly found in similar products, making it ideal for kettles, vats, tanks and hoods.

- Works on a wide variety of metals including stainless steel, aluminum, chrome, nickel, alloys, brass, copper and more.
- The formula does not contain oily, toxic and flammable petroleum distillates commonly found in similar products.
- NSF registered A7

SIMPLE GREEN D PRO 5® ONE-STEP GERMICIDAL CLEANER & DEODORANT

EPA registered, color & scent free disinfectant.

- One-Step Disinfectant
- Cleaner • Sanitizer • Fungicide • Mildewstat • Virucide* • Deodorizer
- Simple Green d Pro 5 kills Pandemic 2009 H1N1 influenza virus (formerly called swine flu)

**Kills HIV, HBV and HCV on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids*

SIMPLE GREEN SAFETY TOWELS®

The performance of Crystal Simple Green Industrial Cleaner & Degreaser in a heavy-duty wipe. The larger-sized, dual-sided wipes feature a non-abrasive scouring side for scrubbing off built up sticky spills and leaks in food storage areas, and a smooth side to ensure a lint-free shine after cleaning.

- Quickly removes dirt, grease, soot and more from fork lifts, hand trucks and carts
- Excellent wicking and fluid holding capacity
- Cuts through tough grease and burnt on carbons on sauté burners, grills and prep stations
- Eliminates ink and adhesive messes from packaging equipment

COMMERCIAL KITCHEN

CRYSTAL SIMPLE GREEN® INDUSTRIAL CLEANER & DEGREASER

Non-toxic & biodegradable formula is powerful enough for intense grime, while gentle enough for regular cleaning maintenance. Use on metal, plastic, concrete, rubber, synthetics, finished wood, painted surfaces, tile, laminates, stone, porcelain, fabric and more.

- No added color or scent.
- NSF registered A1, A2, A4, A8, B1 and C1
- Clean rinsing formula meets rinsability standards for facilities following Good Manufacturing Practices (GMPs)

Cookline

Keeps ovens, fryers, ranges, tanks, vats and kettles free of organic soils that can impact equipment performance and food quality. Easily eliminates thick grease, animal fats, oils, carbons, starches, sugars, proteins and more from equipment and machinery without harsh or volatile chemicals.

Storage

Ideal for floor scrubbing and general maintenance of walls, counters, cooking equipment and utensils. Use with foaming equipment to deep clean food storage areas, walk-in coolers and more.

Dumpsters/Disposal

Use with pressure washing equipment to clean loading docks and dumpsters.

Worker Safety

Non-abrasive, non-corrosive and non-flammable formula is safer for employees and equipment (no PPE required).

SIMPLE GREEN® FOAMING COIL CLEANER

Thick foam penetrates hard-to-reach surfaces and clings to vertical surfaces to remove the dirt, grease and grime that can cause clogs or otherwise cause refrigeration and freezer equipment to malfunction. Use on evaporator and condenser coils as well as fan blades, blowers, grills, heat exchangers, vents, electronic filters, drain pans and more.

- Safe for use on aluminum, stainless steel, painted or enameled metals, plastic, acrylic, stone, painted or sealed wood, rubber and more
- Contains no added colors or harsh perfumes
- NSF registered C1 and P1

FOAMING CRYSTAL SIMPLE GREEN® INDUSTRIAL CLEANER & DEGREASER

Self-rinsing, non-corrosive formula is non-fuming and self-rinsing on condensate producing coils. The thick foam penetrates hard-to-reach surfaces and clings to vertical surfaces for increased contact. NSF rated for use on surfaces in and around food processing, handling and transport areas.

- Removes grease, oils and grime that can cause clogs, impede heat transfer or otherwise keep equipment from optimum performance
- Non-flammable
- NSF registered A1, A4, A8 and C1

SIMPLE GREEN® STAINLESS STEEL ONE-STEP CLEANER AND POLISH

NSF registered, non-toxic and non-abrasive formula cleans, polishes and protects in one simple step, with no wait time before wiping. Will not leave a sticky or dulling residue on surfaces even after repeated use.

- Removes dirt, grease and hard water stains from sinks, faucets, countertops, appliances, grills, BBQs, storage racks, serving carts, display cases and more
- The easy spray and wipe application dries streak free and contains an advanced polymer that helps prevent future smudges and fingerprints from showing
- Will not leave a sticky or dulling residue on surfaces even after repeated use

SIMPLE GREEN D PRO 5® ONE-STEP GERMICIDAL CLEANER & DEODORANT

EPA registered, color & scent free disinfectant.

- One-Step Disinfectant
- Cleaner • Sanitizer • Fungicide • Mildewstat • Virucide* • Deodorizer
- Simple Green d Pro 5 kills Pandemic 2009 H1N1 influenza virus (formerly called swine flu)

**Kills HIV, HBV and HCV on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids*

EQUIPMENT

WHY USE PRODUCT DILUTION SYSTEMS?

Automatic dilution systems not only help eliminate waste, they ensure the correct amount of chemical is used for the cleaning task at hand, improving cleaning effectiveness.

Using a concentrated product reduces frequency of replenishment, transportation fuel & packaging materials.

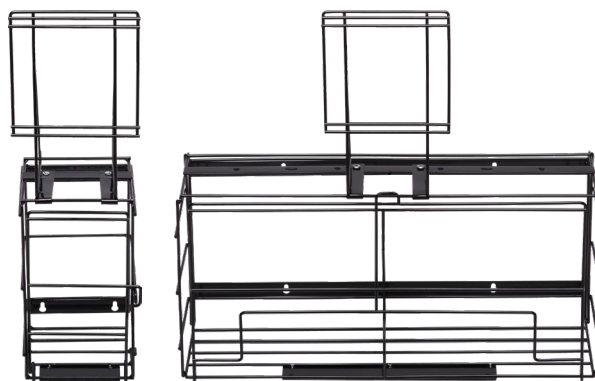

SIMPLE GREEN® 4+1 SELECT OR SINGLE PRODUCT PROPORTIONER

Easy & accurate product dilution systems available in low flow (1 GPM) & high flow (3.5 GPM) models.

- American Society of Safety Professionals (ASSP) 1055 approved
- Includes 15 metering tips & 4 ft. bucket-fill hose
- Option to lock in the “on” position
- Easy, tool-free maintenance
- Compatible with Simple Green Product Wire Racks
- AccuPro Pressure Regulation Technology provides accurate dilutions regardless of fluctuations in water pressure

WIRE RACKS

- Assures product security, preventing theft and tampering

MULTI-DILUTION FOAMER

- 14 dilution settings that can be chosen from color coded metered inserts
- Easy hose attachment for quick transition from cleaning and sanitizing to rinsing

SIMPLE GREEN® 30 OR 60 GALLON PARTS WASHER

Made of heavy-duty industrial grade polyethylene plastic, the Simple Green 30 and 60 Gallon Aqueous Parts Washer includes a stainless steel work shelf, Flexible Loc-Line® nozzle and flow-through brush with polyester filaments for parts scrubbing.

- Fixed thermostat is preset to deliver optimal cleaning temperature of 105°F
- Clean-out plug and convenient spin-on canister filter for easy draining and maintenance
- 19-25 and 45-60 gallon fluid capacity
- GFCI protected with separate heater and pump switches with on/off indicators

SIMPLE GREEN® 80 GALLON PARTS WASHER

The Simple Green 80 Gallon Aqueous Parts Washer is made of stainless steel construction for long term, heavy use.

- 3,000 watt heater and adjustable agitation speed
- Spring-loaded door closure with 165 °F fusible link safety feature
- Flow-through brush system provides touch-up precision cleaning capability
- 250 lb load capacity and auto drain

SECONDARY LABELS

- Durable, OSHA compliant labels for all secondary containers

Industrial Cleaner & Degreaser	Limpiador y Desengrasante Industrial
This product does not classify as hazardous under OSHA Hazard Communications Standard 2012.	Este producto no clasifica como peligroso según la Norma de Comunicación de Riesgos 2012 de OSHA.
Bottled from original container for private end-user applications. Not for resale. Refer to original container label and SDS for full information. Keep Out Of Reach Of Children. Do Not Swallow.	Embotellado desde el contenedor original para uso exclusivo del usuario. Prohibida su reventa. Consulte la etiqueta del envase original y FDS para información completa. Mantener fuera del alcance de niños. No ingerir.
1. Spray on surface, allow time to penetrate dirt, grease or oil; rinse with water at highest available pressure. 2. Heavily impacted soils may need agitation or second application. 3. Do not allow product to dry on surface.	1. Rocíe sobre la superficie. Deje un tiempo para que penetre la suciedad, la grasa o el aceite; enjuague con agua a la presión más alta disponible. 2. La suciedad muy penetrada puede necesitar agitación o una segunda aplicación. 3. No deje que el producto seque sobre la superficie.
